About the Oklahoma Haydn Festival

We are thrilled to welcome you to the eleventh Oklahoma Haydn Festival. We continue our mission of providing a rewarding summer series for audiences across Oklahoma. Rehearsals continue to be a true labor of love as many of us only see each other once a year and we hope that this enthusiasm is evident in our concerts. Thank you for your support tonight and please keep us in mind by checking us out on Facebook and our website okhaydn.org. We want to thank the generous donors who have helped provide us with the support to make these events happen! There are many opportunities to support the festival through volunteer work, financial aid, and outreach. Please let one of the musicians know if you are willing to help us our next season. So many of us describe our festival as one of the best weeks of the year, and we look forward to sharing many more concerts with you in the years to come.
